The mother art is architecture.
Without an architecture of our own,
we have no soul of our own civilization.

Cyprus

Cyprus is the third largest island in the Mediterranean sea. It is located at the crossroads of three continents, Europe, Africa, and Asia. It is a member state of the European Union and part of the Eurozone area. In recent years it has enjoyed strong economic growth.

Cyprus has a pleasant Mediterranean climate with year-round sunshine. Stunning coastlines, golden sandy beaches and clear blue waters that coexist in harmony with two mountain ranges ripe with wild natural beauty and peaceful, picturesque villages. Cypriots are known worldwide for their hospitality and friendliness, but also for the famous Cypriot cuisine, based on the healthy Mediterranean diet.

The high quality of life is without doubt one of Cyprus' most attractive attributes. Indicatively, the island was ranked as the 5th best relocation destination worldwide by the 2013 Knight Frank Global Lifestyle Review.

Besides its natural beauty, Cyprus offers a highly valued safe environment, with low stress levels and crime rates, ideal for a peaceful family life.

Acknowledging the island's safety and security standards, ValuePenguin has ranked Cyprus 5th worldwide and 1st among smaller Countries in its Safest Countries in the World study for 2015.

English is widely spoken on the island, while most people are bilingual. The country offers excellent multilingual educational institutions, where courses are taught in English, French, German, Russian, Italian, Armenian and other languages.

The island benefits from an advanced and modern infrastructure, that makes day-to-day life easy, costeffective and efficient.

Nicosia

Nicosia (Lefkosia) and its surrounding region combines the heartbeat of the island's commercial and businesses centre with a rich history, and rural surroundings where escape is possible in a naturally beautiful and green environment.

The capital itself is steeped in history and culture, with a charming old city surrounded by massive Venetian walls, and the island's largest concentration of museums, art galleries and religious and historical monuments, that all tell wonderful stories of the island through the ages.

Cosmopolitan, glamorous and bustling, the capital of Nicosia is uniquely comprised of an ancient, walled city and a modern, fast-paced metropolis that is the epicentre of the island's business and commercial activity.

There is no end to the options that Nicosia provides, blending the current with the traditional. Its retail experience ranges from town centres and malls to traditional shopping quarters of winding streets. Its leisure and nightlife is a mixture of the popular and exclusive, with trendy bars that nestle amidst old, historically rich monuments.

A wealth of interesting galleries and museums mix with fun entertainment for all the family. And its selection of cuisine is equally as diverse as its overall character.

As you leave the city and enter the rural areas of the region, a different world unfolds; tranquil and picturesque, stretching across countryside and mountain villages, and offering further pursuits such as hiking and cycling in traditional surroundings.

The many layers of Nicosia's various attractions and features make it the island's capital in every sense.
